

# BORN ON THIS DAY

Music & Lyrics by  
**SARAH PALERMO**

for low voice and piano

Hello! Thank you for your interest in my music!

I composed *Born On This Day* on commission from a friend who wanted something new and different to include on a holiday concert. This is one of three transpositions for solo voice and piano, all of which are available for free download on my website.

I also have arrangements for SA chorus and and SATB chorus available for sale.

Please do not upload this score to other platforms. If you want to share with others, you can direct them to [www.sarahpalermo.com](http://www.sarahpalermo.com).

If you decide to perform *Born On This Day*, I would love to know! Also, please consider programming some of my other works which can be purchased at J.W. Pepper!

Thank you,

Sarah Palermo
